THESE WILL BEAR WATCHING

The movements of this store will bear watching closely this season. From time to time, we are going to spring some pleasant surprises in the way of extraordinarily big values that will mean a good saving to economical buyers.

Right in the beginning of the Winter Season, we have a few lines of fine suits specially priced at \$20.00, \$25.00, \$30.00 and every suit positively an exceptional value at the price. They're worth more money.

We bought a few too many of suits. We have a special \$15.00 line.

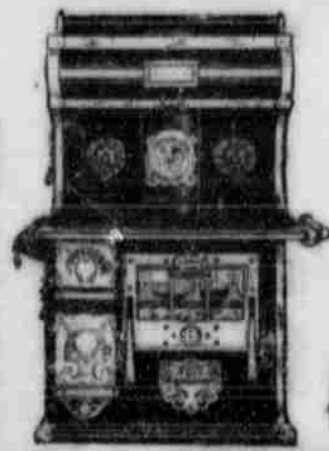

With the interest of our customers at heart we prefer to give them the benefit of getting something really good in their Fall suits now—than much later in the season.

No doubt they won't last long.

Moore Range Talk No. 2

Two Great Saving Features—Triple Construction Walls and the Hot-Blast Everlasting Fire-Back.

Construction is a matter of first importance in the selection of a range. Is the range so built that the heat will be retained and forced to the point where it is most needed—in the oven?

In all ranges the heat from the fire is drawn around the oven through narrow steel-lined flues. The steel flue wall next the oven has a surface approximately one-third less than the outer flue wall. Steel is a uniform conductor of heat and it follows, therefore, that if the inner and outer flue walls are of the same construction, there will go into the oven one-third less heat than is conducted through the outer wall into the kitchen. This wasteful form of construction is a fault in many ranges. Other ranges have the outer flue wall lined on the inside with sheet asbestos. This is also unsatisfactory because the unprotected asbestos is soon scraped away in cleaning the flue.

This difficulty is perfectly overcome in the Moore Range, with outer walls of triple construction—a sheet of asbestos riveted between two sheets of steel. This arrangement thoroughly protects the asbestos; and the asbestos, being a non-conductor, prevents the heat from penetrating the outer wall. In other words, three-fifths of the total amount of heat generated—which is lost in most ranges—is utilized in the Moore oven.

The Hot-Blast Everlasting Fire-Back is an exclusive feature of Moore ranges. It consists of a series of flues, located behind the fire-back and opening through slots, about 4 inches long and 3-8 of an inch wide, into the fire-box. These flues are always hot, and the cold air, as it is drawn into them, is instantly heated and discharged through the slots against the fire as a hot blast. This hot air, mixing with the gases generated by the partial burning of the coal, causes complete combustion, and both gas and soot are consumed in the fire-box instead of being wasted in the flue. As 25 per cent of soot coal is gas, it will be apparent that the Hot-Blast Fire-Back is a wonderful heat and fuel-saving factor.

Other important Moore Range features, to be explained in subsequent ads, are as follows: glass oven door, aluminized daylight sanitary oven, thermometer and thermometer guide, control damper, hinged key-plate, anti-scorch lid, simmering cover, 1. water heater, hermetically sealed, airtight flues, duplex grate, pouch feed, etc.

NATHAN BIBO GIVES FACTS ABOUT NEW PRECINCT

Prominent Resident of McKinley County Visits This City Today: Says He Feels Himself Personally Involved.

Nathan Bibo, Sr., a prominent resident of the Rancho de la Punta country, from which the McKinley county commissioners made a new precinct, No. 15, arrived in the city last night, and today expressed his feeling of indignation and revulsion at the course taken by the people who had opposed the delivery of election material.

"I feel personally involved in this matter," said Mr. Bibo this morning. "I was a member of the registration board, and I feel that whatever standing I have in the community was placed to see that things were done right, and they were. This precinct matter is not a party fight so far as the creating of the precinct is concerned, nor is it a matter of voting. We agitated the question of getting a precinct through that section more than a year ago, because we wanted a justice of the peace in there, and a constable. We have had, until this precinct was formed, to go clear to Thoreau for any legal business we had to transact. It was to overcome this that the precinct was agitated, and even when the commissioners formed it, eleven months ago yesterday, nobody thought of voting. Now, the Democrats know we are mostly for Thurman."

Mr. Bibo said that there were between 35 and 50 homesteaders in the precinct, and at least as many more men engaged in herding sheep or at other work. There are 35 certificates of homestead entry in the precinct in the hands of the Republicans' attorneys. The precinct in question is composed

of the southeastern string of townships in the county, three townships wide from north to south, and six long from east to west. Under the ruling of the court, preventing the commissioners from delivering election material to the judges of election in Rancho de la Punta, some of the residents there will have to go 55 miles to Thoreau to vote.

The precinct got into court through a petition from Reddows, a Democratic candidate for a McKinley county office, asking that the commissioners be enjoined from sending election material to the district Judge Mann, appearing for the Republicans, moved to dissolve the temporary injunction in the case, and his motion was sustained. Then the Democrats asked leave to amend their petition, and this was granted. Judge Mann stood pat on his action, and the Democrats got their injunction.

INDIANS HANG A BUNCH ON THE MENAULITES

In their first game of football this season, the team from the local Indian school yesterday handed a large bunch to the boys from the Menaule school, defeating them on the Menaule grounds by the time of 27 to 0. Trick plays, forward passes, and a generally heady and fast style of football was what won for the red men, for the Menauleites had a heavier line than the Indians, and was able to stop any attempts at old fashioned straight football.

The Indians made a very good showing, and should put up a splendid game with the cadets from the military institute next Monday.

under the direction of Coach Hatchinson, and is playing the solid consistent game that wins every time. They ought to give a remarkably good game with the cadets, although it is reported that the football men let out for playing too many pranks last spring have been partially reinstated, and that the reinstated veterans will all be in the game tomorrow.

Thanks to the varsity boys, bleachers have been set up in the field at Traction park, where a game will be played, and the field is roped off so that only players and officials will be on it. The team from Roswell will arrive tonight, and will do the big sleep stop, until time for the game, as they will be tired from the trip.

VARSITY GETS SPLENDID MUSEUM COLLECTION

John Lee Clarke has donated to the University, as a museum for a new museum to take the place of the one destroyed when Hudley hall was burned, a collection of interesting objects and geological specimens. This collection comprises over 450 specimens and numbers some very rare and interesting things in it.

VOTE LARGELY IS FRUSTRATED BY COURT TODAY

Barefaced Attempt on Part of Jesus Romero to Disfranchise Precinct of San Antonio.

Judge Abbott this morning issued a peremptory order to the county commissioners to forthwith reconvene and to fix the voting place in precinct number 23 at San Antonio, where it has always been held instead of a remote mountain cabin nearly eight miles from the village where they had fixed it.

Don Jesus, through his attorney Staab, whom he is running for probate judge, resisted the application with every technicality they could think of (of course in the interest of fairness and honesty) but the case was too clear and too flagrant and the court speaks for itself. It recites:

"That the said place so fixed by you is at the extreme northern end of the precinct and that only about fifteen voters live at or near the place so fixed by you. That the great majority of the voters in said precinct live in and about the village of San Antonio near the village of said precinct and about seven and a half miles distant from the voting place as fixed by you, and that the convenience of the great majority of the electors in said precinct requested that the voting place therein be fixed at the village of San Antonio."

Then follows the order compelling the change.

This is the case "honesty" reported in this morning's mauling as a Hubbell attempt to control the election.

The commissioners met this afternoon and changed the voting place from the house of Tirlo Lugo to the house of Jose Crespin, in the village of San Antonio, pursuant to the orders of the court.

Election Proclamation.

NOTICE IS HEREBY GIVEN that only those citizens of the United States having the legal qualifications of electors are entitled to register and to vote at the General Election to be held in New Mexico, November 7, A. D. 1911. False registration, illegal voting, bribery of voters, and corrupt election practices are high crimes against the territory, and severe penalties for the violation of the statutes relating thereto are prescribed by law. Any evasion or violation of these laws should be promptly reported to this office that the same may be investigated and the offenders brought to justice. Election judges throughout this district should aid in securing the enforcement of all laws relating to the integrity of the ballot and the purity of elections. The grand jury for the County of Bernalillo sitting at the September term is not discharged by the court. All places in which intoxicating liquors are sold or given away must be closed from the hour of 12 o'clock midnight last before Election Day until 12 o'clock midnight, November 7, A. D. 1911, said Election Day; and between these hours liquor must not be sold or given away. Section 4138, Compiled Laws of New Mexico, 1897, so provides. GEORGE S. KLOCK, District Attorney of the Sixth District, comprising the counties of Bernalillo, Sandoval and Valencia.

COURT NOTES

Suit was filed today against the persons, real estate, land and property named in the delinquent tax list of 1910, by George S. Klock, as representative of the territory through his office of district attorney. Suits against Elias Francis et al. were filed today by Nathan Bibo, Jr., and by Clark M. Carr et al. for damages due to trespass in the driving of five herds of sheep upon their land. Carr, et al. ask \$199 damages and Bibo asks \$600, claiming that the herds trod down and destroyed the dams enclosing two reservoirs of water on his lands.

THREE DERAILMENTS IN ONE DAY

The Santa Fe had remarkable luck in the past 24 hours, suffering derailments in three places without injuring a single person. The first occurred last night at Glorieta, when one truck of a car on No. 7 left the rails at a switch. The train ran two train lengths before it was stopped. Fortunately the car stayed close to the track and did not turn over.

The next was east of Gallup this morning, when two freight cars went into the ditch. This delayed No. 19 about four hours. The third was a freight derailment on Glorieta hill, which put No. 3, the California limited, two hours to the bad.

SATURDAY'S SPECIAL SALE.

3 cans String Beans 25c
12 lbs. Potatoes 25c
Early June Peas 10c

HELP THE KIDNEYS.

Albuquerque Readers Are Learning the Way. It's the little kidney pills—The lame, weak or aching back—The unobstructed urinary disorders—That lead to dropsy and Bright's disease. When the kidneys are sick, Help them with Doan's Kidney Pills. A remedy especially for sick kidneys. Doan's have been curing kidney troubles for 75 years. Endorsed by 50,000 people—endorsed at home. Proof in an Albuquerque citizen's statement.

Mrs. J. V. Amout, 129 North Arno St., Albuquerque, N. M., says: "Doan's Kidney Pills were first brought to my attention when we lived in Aurora, Ill., about five years ago. They were used at that time by a member of our family who was suffering from kidney complaint. A tired, languid feeling was present and the kidney secretions were disordered. Doan's Kidney Pills brought prompt relief from these difficulties and acted as a tonic to the entire system. When there has been need of a kidney remedy since then, Doan's Kidney Pills have never failed to prove of benefit. For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other."

GRAY HAIR MAKES YOU LOOK OLD

A Simple Remedy Brings Back the Natural Color; Dandruff Quickly Removed.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wyeth's Sassafras and Sulphur Hair Remedy, a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

Don't neglect your hair. Start using Wyeth's Sassafras and Sulphur today, and you will be surprised at the quick results.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

"I do not believe there is any other medicine so good for whorling cough as Chamberlain's Cough Remedy," writes Mrs. Francis Turpin, Junction City, Ore. This remedy is also unsurpassed for colds and croup. For sale by all druggists.

Irregular bowel movements lead to chronic constipation and a constipated habit fills the system with impurities. HEKING is a great bowel regulator. It purifies the system, vitalizes the blood and puts the digestive organs in fine vigorous condition. Price 50c. Sold by all druggists.

For pains in the side or chest dampen a piece of flannel with Chamberlain's liniment and bind it on over the seat of pain. There is nothing better. For sale by all druggists.
